

June 2019

Dear colleagues,

here is the ASL Newsletter No. 95.

First of all, thanks to you for the great **ASL Network Dinner!** We enjoyed the evening and had the impression networking went well.

The second thank you goes again to our sponsors: [mediri](#), [Gold Standard Phantoms](#) and [SUBTLE MEDICAL](#) who made this all possible.

As you might know, there is a new initiative ongoing: [OSIPI](#) – Open Source Initiative for Perfusion Imaging. OSIPI is looking for input from the perfusion imaging community, including the ASL community. To define the needs for such software, a survey has been put online ([link](#) or QR code). It's not just for developers, but also for users based on their experience.

Looking for some more networking? The **ICP Network Symposium** could be a chance for this.

Young researchers from Germany may be interested in the upcoming **Conference of the German Chapter of the ISMRM** which takes place in Kiel (12. - 13. September) <https://ismrm.moincc.de/english>.

Looking for a **job** near the sea? Check out the currently available positions at <https://asl-network.org/jobs>.

Any ideas, news or topics from your site? Get in touch with us (editor[AT]asl-network.org) and let us know about your opinion on the ASL Newsletter. If you would like to contribute a comment on a/your recently published article, please do so. We are happy to share your thoughts and ideas.

Best regards  
Klaus
